

ANSYS Workbench Class3**Error Report**

ERROR NO:
WB2012-17

Keywords:

GASKET MODEL TRANSVERSE SHEAR UNITS ENGINEERING DATA
MECHANICAL

Description of Error:

If the optional property **Transverse Shear** is added to the **Gasket Model** the units cannot be specified. In the Mechanical application, if the unit system chosen for the solution does not match the units of the **Transverse Shear** data, the results will be incorrect.

Typical GUI Path(s):

Engineering Data Toolbox->Gasket - Additional
Data->Transverse Shear

Other Comments:

When a project from an uncorrected version is resumed in a corrected version, a message will explain the error. Any

Gasket Model with **Transverse Shear**
will be suppressed to force a review of the data.

First Incorrect Version:

Release 13.0

Corrected In:

Release 15.0

Suggested User Action For Running on Uncorrected Version:

Select the unit system in Mechanical for the solution which is consistent with the Transverse Shear data entered.
